BAVARIAN MONARCHY PROCLAIMED

Boys Arrested For Gay Bld. Robberies

SCHOOL BOYS CAPTURED IN STOLEN CAR

Leslie Carr and John Lancaster in Series of Robberies Say Police

ARE IN COURT TODAY

Fail to Furnish Bonds and Are Taken to the County Jail

Leslie Carr, aged 17, junior at the university high school, and John Lancaster of Evanston, a pupil at the Randall school, aged 16, who lives with Prof. J. N. Dahm at 1615 Monroe st., were arrested late Saturday evening by Patrolman Castle near Schenk's corner, as they were driving a stolen car east on Winnebago st. Both boys carried 32 calibre revolvers and Carr had a dangerous hunting knife.

The boys were arraigned before Judge Hoppmann this morning charged with stealing four automobiles, all of which were recovered, after having received rough treatment. Carr was also charged with having committed a series of burglaries in Madison. He lives at 310 Huntington court while at school here.

The automobiles, according to information received from the police, were owned by E. R. Stark, the Jefferson Transfer Co., through the radiator of whose car a bullet had been shot, the Lake Forest Land Co. and John Findorff.

The boys were cross questioned at the police station Sunday, it is said, Starr admitted that they had taken the automobiles. He also confessed to the police having robbed the following offices:

The Madison Leather Goods Co., a number of bill folders and $5 cash; Geisler Insurance Co. $10 in stamps and a $500 liberty bond, which he turned over to the police; the Neckerman Insurance Co., some bank books, which he returned; E. J. Fisher, some checks, which he returned, and $50 in cash; H. J. Dahmen, checks and $15; the Great Northern Life Insurance Co., small articles; C. H. Sanderson, check and index cards; S. B. Schein, attorney, $5 in cash; the Madison Bond Co., small articles; Claude Stark, drawing instruments, valued at about $60 and pencils; the Madison Cement Silo Co., small articles; Harry Sauthoff, lawyer, $50 check which he returned, and $160 in war savings stamps, part of which he returned. Otto Levander; small articles. These offices are all either in the Gay building or the Badger Annex. He also admitted thefts from the Hayes Land Co., Washington building, the Wisconsin Telephone Co., C. N. Wilson Insurance Co.; the Wisconsin Equity and Menges Oakland ave. pharmacy, which he robbed last week, taking $30 in money, $50 in checks and street car checks and about 30 fountain pens. Of this he turned over to the police the checks the car checks and some fountain pens. Carr stated that Lancaster had nothing to do with the robbery of anything but the automobiles.

Both boys pleaded not guilty in court. Bonds of $2,000 each were requested upon motion of District Attorney Roman Heilman, and upon failures to secure these they were sent to the county jail. The case has been continued to Tuesday. Attorney J. J. McManamy has been retained as counsel for the boys.

STIPULATION FILED

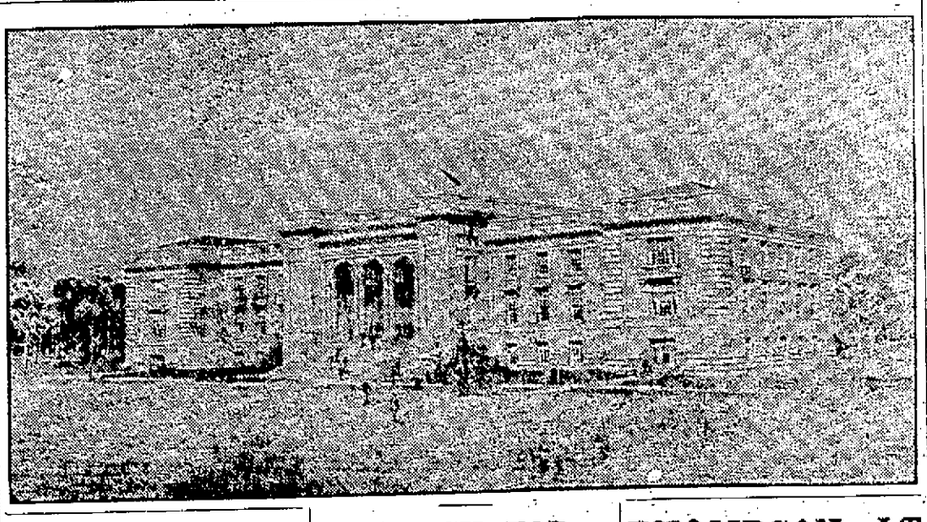

Stipulation in regard to monetary matters in the case of Frances Damson who is suing her husband, Carl E. Damson for a divorce, was filed in circuit court Monday.

WEATHER

The highest temperature during the past 24 hrs. was 46 at 6 a. m. and the lowest was 40 at 2 a. m. Precipitation was 0. The sun will set at 6:04 p. m.

The storm with extremely low pressure occupies the interior of the country. Strong southerly winds and warmer weather prevail east of the center which was on the northern plains this morning. North winds and much colder weather is reported west of the center. It is snowing in western Canada and northern Rocky mountain regions. The storm is moving slowly eastward and the center will probably pass north of Wisconsin tonight.

JAPS REVOLT AND JOIN RED SOLDIERS

Number of the Mikado's Troops in Siberia Rip Off Straps

(By the Associated Press)

LONDON—A revolt has broken out among several units of the Japanese troops in Siberia, according to a wireless dispatch sent out by the soviet government at Moscow. The soldiers ripped off their shoulder straps and substituted red straps, the dispatch says.

Growth of the revolutionary movement in Korea also is reported by the dispatch which says that the Japanese authorities have made many arrests. At the same time, the soviet message asserts, the Japanese government is taking special measures to fight the communist movement at home.

MADISON GIRL, BLESSED WITH 2 LOVERS, ELOPES

Pearl Schultz, supervisor of operators at the Wisconsin Telephone Co., and Harvey Lang, Madison, eloped Sunday, according to word received by Mrs. E. C. Witte, Miss Schultz' mother.

The couple had planned on getting married some time next fall, said Mrs. Witte, although Miss Schutz was undecided as to which of two men she wanted. "I don't know where they got married or when," she continued, "all I know is that Pearl has seemed unhappy lately and that I got word that they left yesterday." Mrs. Witte believes that the couple went to Milwaukee.

City Politics Topic Before Labor Meet

City politics probably will be the chief topic of discussion at the meeting of the Madison Federation of Labor Monday evening at Labor hall, when a report from a federation auxiliary committee is submitted. It has been pointed out by federation officials that there will be no official indorsement of candidates for city offices.

BIG PUSH FOR UNION STARTS IN MASSMEET

$100,000 Memorial Drive Opens on Campus This Afternoon

Wisconsin's biggest massmeeting tomorrow afternoon at 3:30 in the gym, will start the big push for the $100,000 campus quota in the Memorial Union drive. All 3:30 classes will be dismissed for the all-university convocation by order of President E. A. Birge.

"Al" P. Haake will preside at the pep session, which will start and close with high-powered Badger cheers. Both the First and Second Regimental bands will play, and the crowd will open the massmeeting by singing the "Varsity Toast" and "We'll Cheer for Old Wisconsin."

Two Student Speakers

President E. A. Birge will discuss the purpose of the big campaign, and W. J. Kohler, member of the Board of Regents, will present the views of alumni. "Red" Weston, varsity football and basketball star, and "Larry" Hall, president of Union board, will appeal for united student support to boost the campus campaign over the top.

Booklets describing the proposed plans for the Memorial Union building will be distributed, and "Al" Haake will close the big session with a plea for quick action in reaching the university goal.

Drive in Ten Zones

Campaign teams will start their intensive canvass at once at the close of the massmeeting. The university district is divided into ten zones for the drive, and members of Union board will act as captains of the campaign workers.

Women as well as men will be solicited for support of the Memorial Union building, although among the men the goal will be to pledge $24 from each individual. Many are expected to subscribe larger amounts and many will also sign up for smaller sums. All subscriptions will be given two years for payment and none will be binding unless the minimum sum of $500,000 is pledged for the construction of the building. Liberty bonds or War Savings Stamps will be accepted in payment of pledges.

Alumni Raise $900,000

Of the $1,000,000 to be raised in the campaign, the alumni and friends of the university are expected to contribute $900,000. The drives among various groups of alumni have been pushed during the past two weeks, and reports from different sections indicate that the Badger grads are working tooth and nail to meet their quotas.

Headquarters for the campaign are in the University building in Milwaukee, with A. L. Sommers, of Sheboygan, as campaign manager, and H. L. Ashworth, of Milwaukee, as secretary.

LONDON — A heavy loss of life is reported in disturbances at Kiel, Frankfort and Essen, according to a Berlin dispatch to the Central News. Demonstrators have seized a depot in Frankfort containing arms and ammunition.

THOMPSON AT WATERTOWN AND MT. HOREB

Opens Campaign for the Progressive Candidates for Delegates

James Thompson, candidate for delegate at large and candidate to succeed Senator Lenroot, today opens the speaking campaign of the La Follette progressive republican candidates with a speech at Mt. Horeb.

He speaks at Mt. Horeb at 2 o'clock and this evening he will be the speaker at a big mass meeting in the opera house at Watertown.

Mr. Thompson will be busy speaking from now until the election.

The meeting at Watertown promises to be an enthusiastic one. A La Follette for President club was organized at Watertown last week with the following officers:

President—Dr. A. F. Ernst, former president of Northwestern college.

Vice president—Ray C. Twining.

Second vice president—William King.

Treasurer—Henry C. Moldenhauer.

Secretary—Julius Geweke.

The club comprises membership among the people of Dodge and Jefferson counties and 200 members have already been enrolled.

Ray C. Twining will preside at the meeting to be held tonight at the Watertown opera house. The Watertown band will also be out for the occasion.

That the American farmer has always prompted civilization onward and that to him more than any other class is due the credit for making this country the "finest on God's footstool," was the declaration of Mr. Thompson, La Crosse, in an address before several hundred farmers at Mt. Horeb this afternoon.

The La Crosse man is himself a native of the farm, having been born and raised on one in Green county.

"I was born and brought up on the farm," said Mr. Thompson. "I know what it is to toil from sunrise until sunset. I know also the lofty spirit and high mind, the kind feeling and the unselfish spirit of the American farmer. He made America what it is. He felled the forests, he furrowed the prairies, he made the desert blossom, he built churches and school houses, he prompted civilization onward—unselfishly he did all that he could to make this the finest country on God's footstool."

In scoring the profiteers who, he asserted, "coined millions out of the miseries of the war," Mr. Thompson defied anyone to name a farmer, a laboring man or a soldier who "made a million out of the war."

"America for Americans," was the keynote of his entire address. He asserted that he was not in favor of making the country like Great Britain, Germany, France or any other country, but was interested in keeping it what it is, "bigger and better than any or all of them."

"No one of them has the distinction of being the mother of America," said Mr. Thompson. "All combined they are the mother of America. Descendants of all, we are living here without malice to any, with charity for all, and with faith in the future as God gives us vision to see the light."

RESERVATION DAY; BRUSHED ASIDE FAST

Way is Paved for the Final Vote on Article Ten On Treaty

SUBSTITUTES BEATEN

Taft Reservation is Defeated by Vote of Republicans

WASHINGTON — The new reservation drafted by republican leaders to deny the obligations of article ten of the peace treaty was substituted in the senate today for the reservation which was adopted last November. The substitute was made by a vote of 56 to 24.

(By the Associated Press)

WASHINGTON — Paving the way for a final vote on the reservation to article ten, the senate today rejected 59 to 17 Senator Frelinghuysen's substitute proposing summary disavowal of all obligations.

The reservation worked out but not agreed to in the bi-partisan conference, was offered by Senator Kirby, and was rejected 45 to 31. All the republicans and Senators Gore, Reed, Shields, Williams and Harrison, Democrats, voted against it.

Without record vote the senate rejected Senator King's substitute declaring that no obligation would be assumed in advance by the United States but that congress would consider recommendations of the league council to protect territorial integrity of any league member.

Senator Knox supported the Frelinghuysen substitute.

"The American people,' he said "will not be deceived by any shell game of politics."

Those voting for the substitute were:

Republicans: Borah, Brandegee, Fernald, France, Frelinghuysen, Gronna, Knox, McCormick, Sherman, Moses, Norris, Poindexter, Sutherland and Wadsworth.

Democrats: Gore, Reed and Shields.

The senate also promptly rejected, 46 to 30, the substitute reservation drafted by former President Taft, which was offered in the bipartisan conference by Senator Hitchcock and presented to the senate today by Senator Kirby. The Taft draft disavowed any legal obligation but gave congress power to act under a moral obligation.

Another substitute by Senator Simmons was rejected, 51 to 27. It proposed an obligation for use of America's "friendly offices" to protect nations against external aggressions, but disclaimed any liability for use of American military or economic forces" unless in any particular case congress should so provide."

Another amendment by Senator Walsh declaring this nation would deplore any external territorial aggression menacing the peace of the world and would assure American cooperation to end "such threat" voted down 44 to 34.

F. Bunn, sheik.

FRANCE SENDS MORE TROOPS TO GERMANY

Forces On the Rhine Doubled; Strikes On Everywhere; Bread Scarce

NO VIOLENCE REPORTED

But Mobs Are Looting Stores in Some Parts of Berlin

PARIS—France contemplates sending three more army corps to Wiesbaden, Neustadt and Bonn, thus doubling her forces along the Rhine. Marshal Foch will call a meeting of the supreme war council as soon as he returns from Mayence. Every step has been taken to maintain order in occupied districts of Germany and the inter-allied commission for the Rhenish province has received the German high commissioner after having conferred with allied military leaders.

Information indicates the utmost calm prevailing in Germany although the severe censorship in Berlin may be responsible for a lack of detailed news from that city. Telegraph communication with Berlin is interrupted, the last telegram from the French Charge d'Affaires there was received at the foreign office at 1 o'clock Sunday morning. Advices from other sources however, indicate the reactionary movement began on Saturday morning is confined to Berlin, and that mobs are busy looting stores in some quarters of the city. A general strike affecting transportation, electric power and the water supply of Berlin has been declared, and railroad workers are said to have asked Dr. Wolfgang Kapp, the new chancellor, to leave Berlin.

A general strike affecting all public services has also been called at Kiel, Bremen, Hamburg and Regensburg while public sentiment in favor of the Ebert government is declared to be increasing in Cologne, Essen, Dusseldorff, Spandau and Frankfort. In these cities a general strike is expected today. Bread is said to be already scarce and expensive in Berlin and there are fears the supply may fail completely.

Military forces at Leipzig appear to favor the new regime while a contrary view of the situation is taken by the people generally, it is reported. At Munich, the Bavarian government has handed over control to a general who is in favor of the Ebert government. The German national assembly has been summoned to meet at Stuttgart on Wednesday.

Mrs. Frederick H. Genske, 208 S. Bassett st., died this noon at 12 o'clock at her home after an illness of one year.

Mrs. Genske was born in this city in 1866 and lived here continuously since. She is survived by her husband, three daughters, the Misses Grace, Irene and Ethel at home and Carl Genske of this city; also one grandchild, Robert Genske, and four sisters, Mrs. L. Willman of Cleveland, O., Mrs. G. Schroeder of Minneapolis, and Mrs. William Engelberger and Mrs. Henry Brahm of this city.

The funeral is to be held from the home at 2 o'clock Thursday afternoon.

FORMER KAISER IS NERVOUS AND UNDER HIGH TENSION

(By the Associated Press)

AMERONGEN (Sunday) — Former Emperor William spent the greater part of today in the garden on Bentinck Castle where he paced up and down with every evidence of being under great nervous tension. Religious services which have been held regularly there every Sunday were omitted today.

The strain of the events of the last few days seems to weigh so heavily upon his mind that he cannot tolerate the company of others and he makes every effort to get out of doors.

BLIED HITS ONE MAN CARS AND SECRET PROBE

Candidate for Mayor Says Madison Entitled to More Consideration

Frank C. Blied, candidate for mayor, is opposed to the introduction of any more one-man cars and demands that the investigating committee which is probing the street car case open the doors to give the people an opportunity to see and hear what is going on.

"Madison is a metropolitan city, not a one-horse town," said Mr. Blied today. "One-horse towns may get along with one-man cars. They certainly are not adapted to expanding city like Madison. The one-man street car is a positive detriment to the business interests of the city. The conductor and operator of one-man cars is too busy to give traveling men and visitors any word as to the location of the place to which they wish to go; too busy to operate the car and watch for accidents at the same time, and these cars are too inconvenient for a busy city. A stranger must stay on the car until he can get a transfer.

"Mothers of Madison are opposed to one-man cars as is demonstrated by the action of the United Women's club last week at the library, in the belief that the children are endangered when they ride on them. I agree with the mothers.

"Not only should Madison stop operating the one-man cars but the company should send the one-man cars they have back, and operate a two-man car system. If the company itself without an investigation, and without an audit of the books confesses that it has made a 11 percent profit in the last six months, I wonder what the real profit would be if there was an official audit of the books.

"The street car situation is utmost in the minds of the people of Madison. They are willing to pay for good service but they should not have to pay any more for service in Madison than they do in Superior. That city has a 5 cent fare and is making profits. The public should not have to pay profits however on watered stock as they do in Madison. There is a limit to the price one can be charged for transportation. It is probable that one-third more people might ride on a lower fare than a higher fare. That is probably why Superior is making money and why Ashland with a 7-cent fare is going in the hole.

The street car company is getting its case before the people in the newspapers. It is advertising. To that I have no objection but the public is entitled to an open investigation. The committee which is investigating street car case in Madison ought to open its doors. Star chamber courts and star chamber investigations have been condemned by every generation. This is a democracy. The people of this city are considering the purchase of the street car property of Madison. There should be a full and free discussion of this matter before the committee with the doors wide open. There will be no star chamber sessions or back alley entrance when I am mayor of Madison."

Leave for La Crosse On Grand Jury Work

U. S. Marshal Frank O'Connor and his staff of deputies left Monday noon for La Crosse to be ready for the reopening of the grand jury session there Tuesday noon. Papers from the U. S. district attorney's office were dispatched Monday. A. C. Wolfe, district attorney, will be at his office here Tuesday morning, leaving at noon for La Crosse. It is expected that grand jury will continue probing high prices.

SOCIALISTS ARE PLANNING RED REGIME

Independents and the Communists Watch the Present Situation

PARIS—Re-establishment of the Bavarian monarchy has been proclaimed in Munich, according to a telephonic message received in Berlin from the Bavarian capitol this afternoon and telegraphed to the Temps.

BULLETIN

BERLIN—(By Wireless to London)—The German national assembly has been summoned by the Ebert government to meet at Stuttgart tomorrow Tuesday March 16.

Berlin advices Sunday night reported that the old German government had established its seat at Stuttgart, the capitol of Wurttenberg.

(By the Associated Press)

PARIS — Independent socialists and communists met yesterday at Mannheim and decided to take advantage of the present situation in Germany and proclaim a soviet government, according to advices from Basle, the news having reached that city by phone.

Majority and Independent socialists throughout Germany appear to be uniting against military movement according to L'Information.

BERLIN—(By Wireless to London)—It is reported here that the south German generals and the Saxon troops have given their adherence to Gustav Noske, minister of defense in the Ebert government.

Ebert Planning Fight

(By the Associated Press)

BERLIN—Leaders of the Ebert government are apparently gathering their forces to combat the new regime. They are being aided by forces of labor which have declared a general strike.

Prussia seems to be the nucleus around which the military leaders have built up their movement. Reports from various cities in other parts of Germany would indicate that Gustav Noske, minister of defense in the old government has forces at his disposal and that there is popular opposition to the new regime. Even in Hamburg the old government is said to have taken control of strategic points and the Hamburg senate has issued a proclamation denouncing the new government.

Men who are directing the policy of the government headed by Dr. Kapp have not yet secured political support although a statement issued last night declared the prestige of the government has increased in south Germany since Saturday. Fatalities in fighting at Frankfort and adoption of resolutions by workmen at Dusseldorf, Essen and Cologne against the revolt would not reflect sentiment in those localities favorable to the regime installed in office on Saturday.

Strike orders were issued yesterday in this city and it is expected the critical moment for the new government will come when working men walk out. Chancellor Kapp has announced he would take decided steps to suppress any insurrection by strikers but it does not seem probable that he can prevent a wholesale stoppage of work.

Chancellor Kapp has issued manifestos in an attempt to convince the people the government over which he is presiding will insure the establishment of a real democracy in Germany. Promises that elections will be held as soon as quiet is restored have been given and the people have been notified that maintenance and protection of the country's economic life will be the only reason of taking of drastic steps by the government.

NEW PARTY ORGANIZING IN ENGLAND

Manifesto Will be Issued Soon by Lloyd George and Bonar Law

(By the Associated Press)

LONDON—A joint manifesto signed by Premier Lloyd George and Andrew Bonar Law will be issued in a few days stating the principles of a new party to be led by the premier. It will be accompanied by an important reconstruction of the ministry and for this reason announcement of appointments to the portfolios of labor, food and the board of trade now vacant has been postponed. According to present intentions the name of the new party will be the "National democratic." Arrangements are being made for a conference of unionists next Thursday at which Bonar Law will announce his resignation from the leadership of that party and will invite members to join the new organization. Unionist leaders who have been adherents of Premier Lloyd George are said to have decided to support him but there are indications that the party will not be united in its adherence to the new combination. A revolt under the leadership of Marquis of Salisbury and Lord Robert Cecil is expected, says the Daily Mail.

DANIEL'S BIG NAVY SCHEME DISAPPROVED

In Interest of Economy He is Turned Down by the House

WASHINGTON—"In the interest of economy" the three naval construction programs recommended by Secretary Daniels depending on disposition of the peace treaty were disapproved today by the House Naval sub-committee.

An appropriation of $72,000,000 for continuing the unfinished 1916 program was decided upon by the sub-committee as the only ship construction funds to be provided for the next fiscal year.

COUNTY NURSE WAS ELECTED

Miss Mabel Danielson Chosen at Meeting of Superintendents Pay $2,000

Miss Mabel Danielson, daughter of H. C. Danielson, was elected one of the two county nurses at a meeting of the two school district superintendents, Ames and Thompson, and Norton J. Williams, county board chairman, held at the court house Saturday afternoon. Miss Gertrude Burnson is the other county nurse. Miss Danielson is to work with her for two weeks and will begin her duties April 1. It was voted at the last meeting of the county board that $2,000 be appropriated for each nurse, which shall constitute her salary and expenses, and that each be provided with an automobile. Miss Burnson has a Chevrolet sedan.

Funeral arrangements will be announced later.

A Gift from Dixie

Southern Mothers Have Found a Way to Treat Children's Croup and Colds Without Internal Dosing

ALL mothers everywhere know that children's stomachs are delicate and their digestions easily disturbed, and therefore they should be given as little internal dosing as possible. Yet croup and colds come often and certainly cannot be neglected.

A North Carolina Druggist Solves the Problem

Thanks to Lunsford Richardson, a druggist in Greensboro, N. C., this problem has been solved, and Southern mothers have been given a method of treating cold troubles externally. Mr. Richardson discovered a salve that would vaporize by the body heat when applied over throat and chest. These vapors, inhaled with each breath, carried the medication through the air passages to the lungs, at the same time the salve was absorbed thru and stimulated the skin, attracting the blood to the surface and thus aiding the vapors inhaled to relieve the trouble. This preparation Mr. Richardson called Vick's VapoRub.

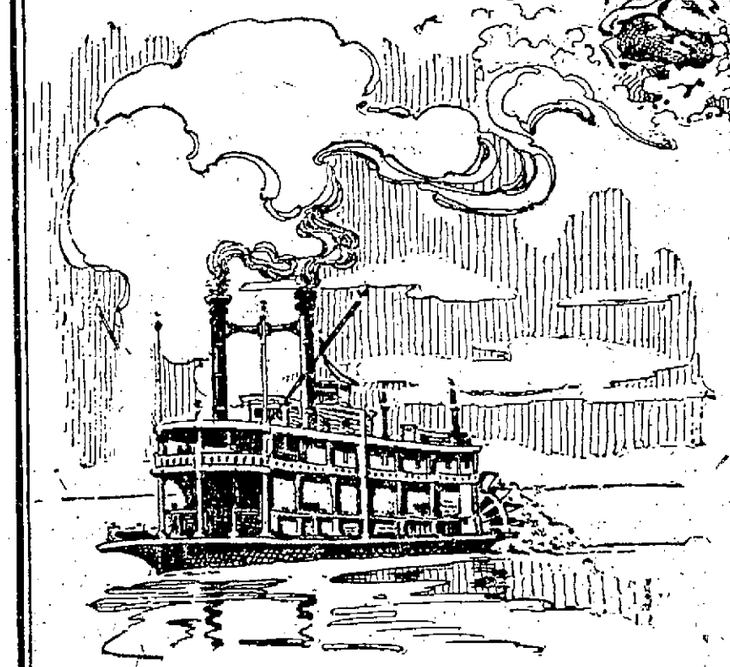

Vicks contains no harmful drugs, just the old-fashioned, time-tested remedies—Menthol, Camphor, Thymol, Eucalyptus, Turpentine, etc.—combined in a new-fashioned way.

The Use of Vicks Has Steadily Increased

Starting with the customers of Mr. Richardson's retail drug store, the sale of this external treatment has grown, county by county, state by state, until now Vicks can be found in almost any drug store in all sections of the United States.

Mothers who once use Vicks always keep a bottle on hand thereafter. It is so easily applied, so quick in its effects, and, best of all, can be used as often and as freely as desired, without fear of harmful results.

Now Over 17 Million Jars Are Used Yearly

The best evidence of the value of Vicks is the increasing number of families who, each year, are converted to the use of this real "Little Bodyguard in the Home."

The number of jars used annually for the last few years is:

1910	347,748 Jars
1911	523,152 Jars
1912	1,027,068 Jars
1913	1,357,590 Jars
1914	1,462,330 Jars
1915	2,418,213 Jars
1916	4,302,764 Jars
1917	6,799,511 Jars
1918	17,377,408 Jars

DIRECTIONS FOR THE USE OF VICKS

Vapors Important—For these troubles a large part of the value of Vicks lies in its vaporizing qualities. So whenever Vicks is applied over the throat and chest, care should be taken to leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel, so that the vapors arising may be freely inhaled.

Hot Wet Cloths—In cases of deep chest colds, severe sore throat or incipient pneumonia, hot, wet towels should be used over the throat and chest to open the pores of the skin before applying Vicks.

For Head Colds, Asthma, Catarrh, Hay Fever—Vicks can be melted in a spoon and the vapors inhaled, or a little should be applied up the nostrils and snuffed up the head.

For Spasmodic Croup, Children's Colds—Rub Vicks over the throat and chest until the difficult breathing is relieved, then spread on thickly and cover with a hot flannel cloth. An application at bed time usually prevents a night attack of croup. Vicks is particularly recommended for children's colds since it is externally applied, and can, therefore, be used often and freely without disturbing the youngsters' delicate digestions.

For Deep Chest Colds, Sore Throat, Tonsilitis, Bronchitis, Coughs—or any affection of the respiratory organs where there is tightness or soreness, Vicks should be applied over the throat and chest—if necessary, first using hot wet cloths—and rubbed in well until the skin is red; then spread on thickly and covered with one or two thicknesses of hot flannel cloths. If the cough is annoying, a small piece the size of a pea can be swallowed every few hours.

Minor Ailments

In addition to its use for Cold Troubles, Vicks has been found excellent as a salve, liniment or plaster for troubles such as Bites, Burns, Itchings, Soreness, Sunburn.

MUSIC COMPANY BUYS PROPERTY

Forbes-Meagher Co. Purchases Structure at 27 W. Main St.

The Forbes-Meagher Music Co., through a real estate deal Saturday gained control of one of the oldest business buildings on the square. The property being valued at $85,000.

No. 27 West Main has been an address connected prominently with music business for the past 40 years The property was obtained from Mrs. Helen Iverson of New York city, who bought it from the M. and P. Young estate.

The block has no name at the present time, which may be called the Music block or the Forbes-Meagher block.

The property includes the Moeller Candy shop, 25 W. Main.

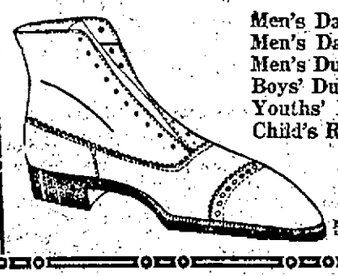

It is the plan of the company to center the music interests in the building. At the present time the first two floors are occupied by the company, the third has just been vacated by the K. of C. lodge, and the fourth is used by the 4C business college. The company hopes to interest music teachers and instructors to concentrate their activities in the building.

Sigma Alpha Epsilon gave its annual initiation and Founder's day banquet Sunday noon at the house on N. Lake street. Among the out of town guests were Walter Bemis, Chicago; Valentine Blatz, Milwaukee, and Thorwald Beck, Racine.

GOOD LUCK ONLY BROUGHT SHIPS ACROSS

Admiral Sims Continues Telling of Bad Management of Naval Affairs

USED UNSAFE CODE

Department Insisted in Making Decisions Based on Complete Misinformation

WASHINGTON—German submarines were unable to attack the first convoy of American troop ships sent to France because the navy department used an unsafe code which was intercepted and deciphered, Rear Admiral Sims told the senate investigating committee.

Only "good luck" brought the convoy safely to port, the admiral said, and other troop ships and destroyers were endangered through similar incidents.

"The announcement of the sailing of the first American destroyers was printed in Berlin four days before they arrived at Queenstown," declared the officer.

Sims said he implored the department not to send messages regarding troop convoys in the code referred to but the warning was disregarded. The other allies and the enemy used new codes while the United States continued a code used for many years.

Information regarding convoys bound for France was known in social circles in Paris before even Gen. Pershing was informed officially, Sims asserted. To illustrate, the United States naval attache at Paris obtained his first word that troop ships were sailing from a woman whose husband had received the information in a business message.

Arrangements for the early convoys were "confusing" and did not conform to the allies' methods of safeguarding troops in transit, Sims said, and the navy department made no effort to consult him, and thus avail itself of the experience of the allies in handling troop ships. Regulations for the convoys were drawn up in the war and navy departments without reference to him, and his first knowledge of these arrangements came when he received a copy of the regulations nearly five months later.

"As an illustration of how completely I was in the dark," the admiral said, "I received information from both the French and British naval authorities concerning the convoy before I was officially informed of it by the department."

Referring to a message from Secretary Daniels dated June 6, 1917, marked "very confidential," and containing directions for the protection of the convoy, Sims said "it would be impossible to find a more striking example of the department's insistence upon making decisions based upon complete misinformation."

"The whole scheme of troop convoy outlined in this message showed a complete ignorance and disregard of convoy methods and of war experience in the submarine danger zone," he continued. In response to his protests, the admiral said he received a reply that the "department recognizes the soundness of your recommendations" but because of the "present sensitive public opinion, considers it essential that the escort orders for the first convoy already issued, be executed by American destroyers."

"Throughout the war," he added, "American troops received more protection than the allies were able to give their own troops on the high seas."

On July 4, 1917, Admiral Sims said he received a cable from Secretary Daniels congratulating him on the successful escort of the convoy.

That the department realized the danger of the arrangements made for the first convoys was demonstrated, the admiral asserted, by the fact that even before the ships sailed he was asked to submit recommendations for future use and these recommendations were afterward adopted in their entirety.

Increase in Marriages Cause Ring Shortage

A scarcity of wedding rings follows the increased demand for marriage licenses in all parts of the country during the first two months of this year, it is learned. A shortage of gold and the growing demand, according to wholesale jewelers, have combined to bring about the ring "famine."

Combining the engagement and wedding rings in to a special design which would serve both purposes is being discussion, and it is probable the new combination engagement-wedding ring will become a reality, jewelers say.

Typewriting, Commercial Arithmetic, Business English, and now Stenography, are among the classes offered by the American Y. W. C. A. in Constantinople. The course in stenography has just been opened at the earnest request of the girls of the association, according to a letter just received at Y. W. C. A. headquarters in New York city. In spite of the great difficulty of learning shorthand in a language only partly familiar, these Armenian and Turkish girls are eager to attempt it. There is a considerable demand for stenographers in Constantinople, and it seems a dignified and desirable occupation to young women who have never before done anything useful. Typewriters are so scarce in that city that the Y. W. C. A. is forced to depend upon its "brother association," the Y. M. C. A. for equipment for typewriting classes.

PHILIPP IN PLEA TO AID SUFFERERS

Recommends That the People Purchase Drafts for Food

MAILED TO RELATIVES

Warehouses Established in Europe at Which Drafts Are Presented

"It is well known that there is a great scarcity of food in Europe and that there is much suffering, particularly among the children and old people, because they do not receive sufficient nourishment." This is the statement of Gov. Philipp, issued today.

"Many of our people who have relatives and friends in Europe have attempted to send them packages of food either by parcel post or express or other means of transportation, in order to give them temporary relief. Transportation is still much disarranged and many shipments intended for the sufferers have been lost or miscarried.

"The American Relief Administration, under the leadership of Mr. Hoover, has arranged for a more practical system of delivery by establishing food warehouses at various important centers, and for a system of Food Drafts which may be purchased at any bank.

"The Food Drafts are sold in units of ten and fifty dollars. These drafts can be mailed to the relatives and friends in the same manner as money orders and bank drafts are forwarded. When presented to any of the central warehouses above referred to they will be honored by the warehouse for the following quantities of food—the holder of the draft has the following options:

A—24½ lbs. flour, 10 lbs. beans, 8 lbs. bacon; 8 cans milk—$10.

B—140 lbs. flour; 50 lbs. beans; 16 lbs. bacon; 15 lbs. lard; 12 lbs. corned beef; 48 cans milk—$50.

C—24½ lbs. flour; 10 lbs. beans; 7½ lbs. cottonseed oil; 12 cans milk—$10.

D—140 lbs. flour; 50 lbs. beans; 45 lbs. cottonseed oil; 48 cans of milk—$50.

"The senders of drafts will be notified by the bank when the same has been cashed in Europe. If the draft is not cashed, the sender is entitled to a refund of the money.

"These food drafts are for sale at all banks in the state of Wisconsin."

Express Strike is Parcel Post Boost

As a result of the strike of express company employes in Chicago, parcels post business has taken a spurt at the Madison postoffice, according to Postmaster W. A. Devine. Extra wagons have to be used to handle the added volume of packages. Packages are larger, nearing the maximum weight and size limits.

The notes are in $50, $100, $500 and $1,000 sizes. Their interest of $7 a year on each $100 is payable March 1 and September 1. The notes come due March 1, 1925. On any interest date to and including September 1, 1924, note-holders who so desire can exchange them at par for shares of the Company's 7 per cent preferred stock.

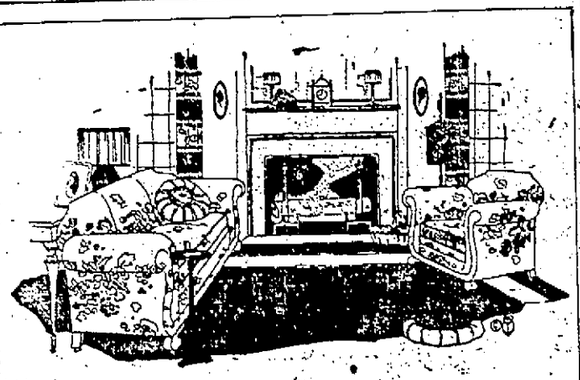

The preferred stock is in $100 shares. Its $7 a year of cash dividends on each $100 share are payable in quarterly installments; $1.75 April 15 to stockholders of record March 1; $1.75 July 15 to stockholders of record June 1; $1.75 October 15 to stockholders of record September 1; $1.75 January 15 to stockholders of record December 1. Besides having first claim on dividend earnings up to 7 per cent in any year, this preferred stock shares equally with the common stock in dividend payments in any year after 10 per cent has been paid on the common. It has preference also, to its par value, in any distribution of assets. It is a desirable permanent income investment for Wisconsin people.

These issues, authorized by the State, are sold to repay money borrowed to enlarge the Company's plant and business. THIS MONEY IS ALREADY INVESTED IN STATE-REGULATED, INCOME-PRODUCING PUBLIC SERVICE PROPERTY.

Wisconsin Gas & Electric Company is closely affiliated with The Milwaukee Electric Railway & Light Company, under common ownership and management. It is one of the largest and strongest public service companies in Wisconsin. It serves 32,000 gas, electric and steam heating customers—a gain of 2,200 during the past year—in six cities, 37 villages and 30 townships located in six of the richest and most populous counties of southeastern Wisconsin, and owns and operates the Kenosha street railway. Its funded debt, including the present $500,000 note issue, is $4,296,000; its preferred stock, including the present $500,000 issue, $1,000,000; its common stock, $1,747,000. Its gross revenue in 1919 was $2,451,270—an increase of $344,830 over 1918. Its 500 employes were paid $600,000 in 1919.

Showing Madko Posts on University Grounds

Close-up View of Madko Posts

NO ANNUAL straightening up and no replacements needed with MADKO CONCRETE POSTS. Farm labor is conserved for the production of crops.

Weeds and rubbish vegetation that grow in the narrow strip along each side of a fence can be burned off without injury to the fence if the posts are of concrete.

Everywhere concrete posts are becoming popular because they are the most economical. No maintenance required with MADKO POSTS.

Farms bordering on highways protected with fences built with concrete posts are safe against intrusion by passing cattle.

Fences built with MADKO POSTS are permanent improvements that enhance the value of any farm.

Live stock can be kept where you want it if the barnyard and pasture fences are built with MADKO CONCRETE POSTS.

The clean-cut appearance of MADKO POSTS lends attractiveness to any property in town or country.

MADKO CONCRETE POSTS are a source of constant protection to industrial plants.

MADKO CONCRETE POSTS will resist all the severe strains and shocks that posts in this position must withstand.

Once they are placed, MADKO CONCRETE CORNER POSTS braced with MADKO BRACE POSTS need no further attention.

MADKO CONCRETE CORNER POSTS are rigid enough to stand any fence strain that can be put upon them.

Gates hung from rigid, well-braced MADKO CONCRETE GATE POSTS will not sag.

MADKO CONCRETE POSTS ARE NOT EXPENSIVE.

MINNESOTA VOTES TONIGHT

Five Republicans, Wood, Johnson, Lowden, Poindexter, and Harding On Ballot

(By the Associated Press)

ST. PAUL, Minn.—Minnesota's primary at which republican voters will express their choice for president, will be held tonight between 7:30 and 8:30 o'clock.

Five candidates are on the ballots—Leonard Wood, Hiram W. Johnson, Frank O. Lowden, Miles Poindexter and Warren G. Harding. In Hennepin county (Minneapolis) Herbert Hoover's name also appears.

In addition to the preferential candidates delegates to the county conventions will be chosen.

LATEST REPORTS FROM REVOLUTION GRIPPING GERMANY

LONDON — An official despatch from an American source in Hamburg received today says:

"General strike is in full force here. The city is under military control. No disorders have yet occurred.

PARIS — A Berlin dispatch received this evening states that an agreement has been reached between Chancellor Kapp of the new government and Gustav Noske, minister of defense in the Ebert government and that the government crisis in Germany has ended.

A telephone message received from Leipsic today reports that fighting had occurred there between troops of the national guard and socialists or communists in which nine were killed.

One of the first acts of the new government in Berlin was to request recognition from the allied commissions in Germany according to an official British message today. The request was ignored.

(By the Associated Press)

BERLIN—Berlin was without news today beyond the government manifestos, as all the newspapers were suppressed. The government's declarations continued to rail at the incompetence of the deposed government and promised numerous reforms including early general elections.

MARINES ALL HOME.

NEW YORK—A detachment of 40 United States marines, the last to see duty in France, arrived here.

INCOME TAX RETURNS PILE UP AT FINISH

Time Limit Closes at Midnight; Many Collectors Busy

Income tax returns may be made at the Madison branch revenue office in the Union Transfer building up to midnight, it was announced Monday by W. N. Wells, supervisor of the office. During the day the office was crowded with persons who had delayed filing their returns until the last day. Returns sent through the mails will be accepted if they bear a postmark dated not later than March 15.

The Madison office has been kept busy since the latter part of January attending to income tax returns, which are forwarded to the state office at Milwaukee for compilation. For that reason Mr. Wells was unable to make any estimate of the amount of taxes handled at the Madison branch.

With returns completed, the Madison staff will work on delinquent returns.

Seven deputy collectors, including Mr. Wells, have been at work on incomes taxes in the Madison district. W. E. Hicks has been handling corporation returns, W. H. Grove and A. W. Cox, partnership and individual returns; J. J. Ranking, individual returns; John Auby and C. A. Field, information, cash and collections. They are all field men with headquarters at Madison.

MRS. DEIST IS ELECTED HEAD OF PUBLICITY

200 Attend Training Meet of Interchurch World Campaign

Mrs. V. W. Deist, 430 W. Wilson st., has been elected publicity director of the state in the interest of the Interchurch World Movement, Campaign headquarters will be opened at the Park hotel as soon as arrangements can be made and Mrs. Deist will be in charge. She has been speaking for the speakers' bureau of the movement and is well known throughout the state.

About 200 representatives of 23 evangelical church denominations attended a state training conference for workers for the Interchurch World Movement, held Monday at Christ Presbyterian church. Dr. L. A. Cooper state campaign manager, presided. The Origin and Purpose of the movement was the subject of an address by Dr. George E. Hunt, and Dr. Russell of New York city spoke on some findings of the recent survey made throughout the country.

Detailed instructions for working the financial campaign to be carried on in the state were given the delegates, stress being laid upon the importance of organizing the people who have no church affiliation. It was pointed out that many of these might be willing to contribute to the support of such a movement as the one under discussion even though not belonging to any one church.

During the afternoon meetings of state, district and county directors were held.

Dissolution of Partnership Asked

An action to dissolve partnership, to have a receiver appointed to dispose of the property rights, and good will of the business and to cancel a bill of sale executed by the plaintiff to C. C. Doring about Sept. 10, 1919, was filed in circuit court Monday by Emil Johnson. John Schultz and Charles C. Doring are defendants in the case.

Johnson and Schutz, according to the complaint, entered into partnership in a grain threshing business, and together agreed to purchase from Doring threshing machinery, valued at $1,400. Each paid a sum, according to an agreement between them, for the machinery, but later, it is alleged, Schutz took the machinery and refused to allow Johnson to use it. Johnson had given a note to Doring for part of the value of the machinery. He claims that he has not the use of the machinery, the note should be cancelled as far as he is concerned.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection and Can Be Permanently Relieved.

Rheumatism means that the blood has become saturated with uric acid poison.

It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism, it is not a wise thing to take a little salve and by rubbing it on the sore spot, expect to get rid of your rheumatics. You must go deeper than that, down deep into the blood where the poison lurks and which is not affected by salves and ointments. It is important that you rid yourself of this terrible disease before it goes too far. S. S. S. is the blood cleanser that has stood the test of time, having been in constant use for more than fifty years. It will do for you what it has done for thousands of others. S. S. S. is guaranteed purely vegetable, it will do the work and not harm the most delicate stomach.

Write the physician of this Company and let him advise with you. Advice is furnished without charge. Address Swift Specific Co., 163 Swift Laboratory, Atlanta, Ga. Adv.

Alexander Kornhauser Company

The Home Sewing Event Begins TODAY, March 15th

Quite in line with our principle of providing things that are most wanted at the lowest possible prices, we have inaugurated this important event which comprises everything in it for making the Spring and Summer wardrobe. We doubt if our stocks of dress goods will be as large and complete again this season as at the inauguration of this event, and it is an assured fact that prices will be no lower.

The Home Sewing Event should mean a New Coat or Suit for you

Our showing of materials for coats and suits for Spring and Summer is most extensive and we urge you not to let this event pass without planning a new coat or suit.

There are Wool Velours, Storm Serges, Broadcloths, Suede Cloths, Novelty Checks, Tricotines and many other materials suitable for making these garments.

IT IS one thing to indulge in sweeping promises and quite another to be specific and definite. Today, in this ad inaugurating our big Home Sewing Event, we submit facts which show how it is possible with the aid of a McCall pattern and a little of your time to produce beautiful garments breathing the refinement of Paris at worth while savings.

This is the time that the question of Spring and Summer clothes is uppermost in your mind, and the problem of ways and means of providing what you need and want press for solution. This Home Sewing Event will solve the problem.

These Combination Dresses are very popular

Foulards, georgettes, satins and taffetas in various combinations meet with high favor.

Woman's Tunic Dress No. 9377

Requires 2½ yards of figured foulard for the blouse and tunic, and 2 yards of plain satin for underskirt, cuffs and vest. The cost is very small for such a beautiful dress.

Afternoon Frock No. 9347

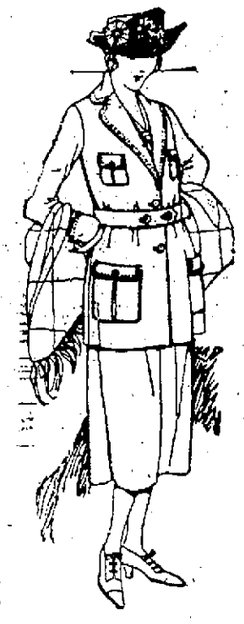

This is a reproduction of a wonderful Parisian model and it is very charming when made from 4 yards of black costume satin with a McCall pattern as a guide.

McCall Patterns for Children

make attractive garments. During our Home Sewing Event you will find very tempting prices on materials for Children's Clothes.

For the coat we suggest velours, velveteens and broadcloths; for the dresses ginghams, crepes and chambrays. The savings are as tempting as the garment themselves.

Big Savings on Men's Shirts

can be effected by making them at home. We are showing Madras, Crepes, Percales and a fine line of Silk Shirtings and with the assistance of a McCall pattern and our shirt bands, you will find it very easy to make a shirt. McCall's Shirt Pattern's are designed by men for men; plenty of room, a delightful sense of freedom and the saving will be a revelation for you.

Raglan Coat No. 9166

This is a general utility coat and one absolutely indispensible to the wardrobe. Requires for size 36, 3½ yards of 52 to 54 inch material, and can be made of the finest fabrics for $17.50 to $25.00.

Women's or Misses' Sport Coat No. 9354

The Sports Coat is one of the most popular models of the season and can be made of approximately 3 yards of material at a very substantial saving.

Women's Sport Suit Nos. 9375-9367

This smart Suit of either plain or checked material is adapted for so many uses that every woman's wardrobe should contain it. It requires 3½ yards of 54 inch material. You are sure of the correctness of the style with a McCall pattern.

ONE WOMAN'S EXPERIENCE

Of Interest to Expectant Mothers.

Goshen, Ind.—"I took Lydia E. Pinkham's Vegetable Compound with good results after I had suffered for some time with female trouble. Some years ago I had twin boys and took your Vegetable Compound before they came also before my four year old boy was born, and afterwards, and think it fine for such cases. I tell others what it did for me and you may publish my testimonial."—Mrs. Geo. A. Foos, 711 S. 9th St., Goshen, Indiana.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong and this good old fashioned root and herb remedy contains no narcotics or harmful drugs.

Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "family" doctor, the general practioner.

DR. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Women, children and elderly people are especially benefitted by Dr. Caldwell's Syrup Pepsin. While it is promptly effective on the most robust constitution and in the most obstinate cases, it is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby and children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home. Where many live someone is sure to need it quickly.

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1839
Began the manufacture of his famous prescription in 1892

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

WHEAT YIELDING 96 BU. TO ACRE

Cambridge University is Developing Disease-Proof Grain

CAMBRIDGE, Eng.—Cambridge University botanists claim that it is now possible to breed disease proof plants. A special body of investigators who have been devoting themselves to the practical testing of the Mendelan heredity law are engaged in immunizing wheat, oats, barley, potatoes and roots, the results of which will be shown in the summer to a distinguished assembly of medical men.

The "plant doctors" as they are called have already succeeded in breeding a new wheat known as "Yeomen which has yielded 96 bushels to the acre, three times an ordinary crop.

BODY FORMED TO PRESERVE LAND BEAUTY

Friends of Our Native Landscape To Be Incorporated

The Friends of Our Native Landscape, an organization to improve and restore Wisconsin's beauty spots, was organized Saturday at a meeting in the senate chamber. The society will be incorporated under Wisconsin laws.

Prof. Franz A. Aust, State Highway Engineer J. G. D. Mack, and Prof. L. R. Jones will be the incorporators.

Six directors will be named each June, to hold for three years. The personnel is:

Until June 1, 1920—J. G. D. Mack Madison; H. C. Campbell, Milwaukee; Ben F. Faust of Eau Claire; Mrs. Joe F. Schreiner, Ft. Atkinson; Mrs. Wilfrid Chase, Madison; Mrs. L. D. Harvey, Menominie.

Until June 1, 1921—H. E. Cole, Baraboo; John S. Donald, Madison; J. R. Wheeler, Columbus; Mrs. A. E. Proudfit, Madison; Mrs. C. E. Buell, Madison; Mrs. L. W. Dowling, Madison.

Until June 1, 1922—R. W. Davis, Rangor; L. R. Jones, Madison; Franz A. Aust, Madison; Miss Mary E. Reid, Madison; Mrs. M. B. Rosenberry, Madison; Mrs. F. C. Sharp, Madison.

Election of officers will be held later.

Four celebrations each year are to be staged by the society, according to announcement. The first will be a large spring festival, out of doors at the time when spring flowers are at fullest bloom. The second will be the annual meeting in June, the place prescribed in the by-laws as "in some native landscape worthy of preservation." The harvest festival will be a huge campfire gathering. The mid-winter meeting will be a banquet in some one of the larger cities of the state.

Jens Jensen of Chicago, landscape architect, who has assisted in the formation of the society, was elected an honorary member, while a resolution was passed asking the Illinois organization to recognize and affiliate with Wisconsin.

BAD BREATH
Caused by
Acid-Stomach

How can anyone with a sour, gassy stomach, who is constantly belching, has heartburn and suffers from indigestion have anything but a bad breath? All of these stomach disorders mean just one thing—Acid-Stomach.

EATONIC, the wonderful new stomach remedy in pleasant tasting tablet form that you eat like a bit of candy, brings quick relief from these stomach miseries. EATONIC sweetens the breath because it makes the stomach sweet, cool and comfortable. Try it for that nasty taste, congested throat and "heady feeling" after too much smoking.

If neglected, Acid-Stomach may cause you a lot of serious trouble. It leads to nervousness, headaches, insomnia, melancholia, rheumatism, sciatics, heart trouble, ulcer and cancer of the stomach. It makes its millions of victims weak and miserable, listless, lacking in energy, all tired out. It often brings about chronic invalidism, premature old age, a shortening of one's days.

You need the help that EATONIC can give you if you are not feeling as strong and well as you should. You will be surprised to see how much better you will feel just as soon as you begin taking this wonderful stomach remedy. Get a big 50 cent box from your druggist today. He will return your money if you are not satisfied.

I am more grateful to Tanlac than words can express, for it has given me health and happiness after twelve long years of suffering," was the enthusiastic statement made the other day by Mrs. Olivine Peltier, of Vermont.

"I am more grateful to Tanlac than words can express for it has given me health and happiness after twelve long years of suffering," was the statement made the other day by Mrs. Olivine Peltier, No. 26 East Allen street, Winooski, Vt.

"I had been troubled so long with nervousness and sleeplessness that my housework was a drudgery and I got little pleasure out of life. My appetite left me entirely and at times I could hardly bear the sight of food and what little I did eat caused be severe suffering afterward. Gas would form on my stomach so badly that it affected my heart and I thought I had heart trouble.

"I was so nervous I would jump at the least unexpected noise and would drop everything I had in my hands. I got so weak and faint at times that I would have to catch hold of something to keep from falling over. My sleep was broken and restless and I was losing weight rapidly. I had little strength or energy and, as I had tried all kinds of medicines without relief, I had become very much discouraged over my condition.

"My husband had been taking Tanlac and when I saw what wonderful results he was getting, I decided to try it myself and now I think as much of Tanlac as he does because it has helped me the same way.

"My appetite has come back and everything agrees with me perfectly. I am taking on weight rapidly and have already gained nine pounds; in fact, I feel perfectly well in every way. Tanlac has done wonders for me and I am only too happy to tell others about it."

Tanlac is sold in Madison by the Lackey Pharmacies and in Mazomanie by Geo. A. Shields and by the leading druggists in every town.—Adv.

HERE'S A CASE WHERE A MAN REALLY LOST HIS HEAD TO A MOVIE QUEEN

Many men have figuratively lost their heads over movie actresses, but few have literally lost their "domes." Mildred Harris Chaplin is one of the queens who really accomplished this. Col. William M. Selig has given her for use in a picture the head of a chief of a Peruvian Indian tribe which he obtained years ago. The chief was decapitated fifty years ago and his head preserved in a shrunken state by a secret process. The hair, eyebrows and lashes continue to grow.

FOX AIDS TEACHERS

A convention breakfast held Tuesday morning at the Hotel Cleveland by the National Educational association, flashed the S. O. S.—Save Our Schools—slogan. This interesting body of conscientious teachers and educators met to discuss the vital problem now confronting our educational institutions throughout the United States, that of increasing salaries. These self-sacrificing people have devoted their time and lives to the education of Young America, and at a salary entirely inadequate to combat the increased cost of living.

To further their ends, Mrs. Grace Stachan Forsythe, district superintendent of public schools in Brooklyn, N. Y., and Mr. Herbert D. Corey, a journalist of international reputation interested Mr. William Fox, the well-known motion picture magnate, in their cause. Mr. Fox, realizing the importance and justice of this cause, immediately became enthusiastic over it, and appointed Mrs. Forsythe and Mr. Corey to attend this convention and place his offer of assistance before the seventy-five delegates representing every state in the union, and take a vote from them on the matter. Mr. Fox's offer is: To devote about 150 feet of Fox News, a semi-weekly screen magazine of international circulation, each week to propaganda for better salaries. A vote being taken, a resolution was unanimously passed to accept this offer of the screen.

And teachers used to call motion pictures an "evil."

PROPOSES MERGER OF EVANGELICAL CHURCHES IN U. S.

Rev. Ethelbert Talbot.

Rev. Ethelbert Talbot, bishop of the Protestant Episcopal church at Bethlehem, Pa., recently suggested a plan for the merger of the twenty-two leading evangelical church denominations in America. He believes this would stop rivalry which has cost Americans $500,000,000. His plan was discussed at the convention of the inter-church council on organic union in Philadelphia recently. The associated churches would adopt the title, "The United Churches of Christ in America."

FIX ROYALTIES ON OIL LAND

Range From 33 1-3 to 12 1-2 Per Cent Under Interior Department

WASHINGTON—Production royalties ranging from 33 1-3 to 12½ per cent on the lease of government oil lands under the claims relief section of the land leasing bill were prescribed in regulations issued today by the interior department. Practically all withdrawing lands now being operated under claim are made subject to the assessment.

Company Sued for $285 On a Coat

Ethel Burrowbridge is bringing suit against M. N. Kahn of the Standard Fur Co. to recover $285 which she alleges she paid for a fur coat which proved not what it should have been. After wearing the coat a month, says the complaint, the defendant found some serious flaws in it and took it back to the store. Mr. Kahn, she says, told her that he would send it away to be repaired, and after keeping it for some time, sent it back saying that he could not match the fur.

Says Insurance Co. Owes Him $2,500

Suit to obtain $2,400 from the employers' Idemnity Insurance corporation, a Missouri concern, was filed in circuit court Monday, the plaintiff being Samuel J. Erffmeyer. Erffmeyer claims that he took out a policy with the company for $2,500 which was to insure him against accident or disease. Only insanity and accidents incurred while in the employ of any government as a soldier, sailor or marine, were to be considered invalid. Erffmeyer alleges that he lost his foot as the result of an accodent which occurred when a horse stepped onto his foot, and that he was not engaged as a soldier, sailor or marine and that he was not insane. The insurance company paid him only $100, refusing to pay the rest.

VOTES TO STAY WITH GERMANY

Second Schleswig Zone Nearly Complete, 48,148 to 13,025

COPENHAGEN—The second Schleswig zone, including the important port of Elensburg, where a plebescite was held yesterday under the provisions of the treaty of Versailles to determine the future nationality of the region, voted to remain German, according to the latest returns of the balloting. The figures, while unofficial, show the population overwhelmingly of German nationality.

With four districts still to be heard from 48,148 votes were cast for German control and 13,025 for Denmark.

TRACK MEN IN EASY VICTORY FROM PURPLE

Badgers Trounce Purple Team, 69-17, in Dual Meet

Badger track stars romped away from the Northwestern team in Saturday's dual meet at the gym annex, running up a big lead from the starting event. The score was 69 to 17.

The Purple contestants won but six places in the whole meet and only two of these were firsts, the 40 yard dash won by Poliack and the high jump won by Linn. Edwards of Wisconsin placed second to Linn and Mobley, Wisconsin, took third. Townley was high man for the visitors, with five points to his credit, and Spetz starred for the Badgers with a total of 9¼ points.

Dayton easily outran De Swarte, captain of the Evanston squad, in the mile, forcing the latter to a third position. In the two mile, which was supposed to have been the Purple captain's best event, he failed to figure at all and the three places were taken by Cramp, Brothers, and Meyers respectively.

Sundt heaved the shot 40 feet, 2 inches, beating Townley's mark by 2 feet. Captain Andrews won the 40-yard high hurdles and Stolley and Knollin tied for second. In the relay race the Badgers took the lead at the start and held it to the finish.

In the inter-college relay races which were held between events of the meet, the Engineers won the half mile and two mile races, while the one mile and four mile events were won by the L. and S. and Commerce teams respectively.

The summaries:

40-yard dash—Poliack, Northwestern, first; Spetz, Wisconsin, second; Gordon, Northwestern, third. Time, :04:3.

PROGRAM FOR OLYMPICS IS COMPLICATED

Official Program for Antwerp Games Covers 100 Pages

By JACK KEENE

The official program of the Olympic games at Antwerp, Belgium, next summer, which reached the American Olympic committee recently, is a bulky affair. The data included the special booklets on swimming and other sports, as well as a lengthy answer to a questionnaire forwarded to the Belgium committee some weeks ago. With this information in hand the American committee expects to be be able to complete its plans for the formation, entry and transportation of the United States team, which will be the largest that ever sailed from these shores for foreign competition.

The program contains more than 100 papers of descriptive matter, giving in detail every event and the conditions governing the same in more than twenty different branches of amateur sport. Illustrations of the stadium at Antwerp, plans of the running track, football field, priezs and the principal patrons and royal officers are included.

The answer to the quetsionnaire discloses much information which the American committee has been The track will be approximately 440 yards in circumference and will not be equipped with the usual 220-yard straightaway. In several events, such as the rowing races, which will be over a 1¼ mile course, only one entry a nation will be accepted. In a majority of the individual contests the limit of entries will be six men or women, with only four allowed to start.

The American committee was informed that the efforts of that body to secure the Catholic preparatory school at Melle, near Ghent, as the residence and training quarters of the United States team had proved unavailing, and so far no quarters have been selected for the 200 or 300 athletes and officials who will make up the party which will sail from the U. S. about the middle of July.

The Belgian committee is endeavoring to locate suitable quarters, however, and special American representatives have been dispatched from Paris to assist in the work of finding a camp within a radius of thirty miles of Antwerp.

Descriptions of the Marathon race course from Brussels to Antwerp and the long distance bicycle road race are not yet available.

It is explained, however, that the hockey games will be played under English rules and the boxing conducted under the regulations of the International Boxing Federation.

The lawn tennis matches will be played on composition courts, the foundation being composed of brick dust and clay.

The hand grenade throw has been eliminated, and there is doubt whether there will be a golf figture included in the games. This question cannot be answered until some idea of the number of entries is obtained.

Dates for the more important fixtures with the time for closing of entries follow:

April 20 to 30—Ice hockey and skating. Entries on March 19.

July 7 to 10—Yachting. Entries close on June 6.

July 22 to 31—Shooting. Entries close on June 21.

Aug. 15 to 23—Track and field sports, fencing, Graeco-Roman wrestling, Pentathlon (classic), Decathalon and lawn tennis. Entries to close on July 14.

Aug. 15 to 26—Boxing. Entries to close on July 26.

Aug. 27 to 31—Catch-as-catch-can wrestling. Entries to close July 26.

Aug. 22 to 29—Swimming, men and women. Entries close July 21.

Aug. 24 to 27—Penthathlon (modern). Entries to close on July 22.

Aug. 9 to 12—Cycling. Entries to close on July 8.

Aug. 22 to 29—Gymnastics. Entries close on July 21.

Aug. 29 to Sept. 5—Soccer and Rugby football. Entries close July 28.

Form Rugby Team On Pacific Coast For Olympic Games

SAN FRANCISCO—A team that may win for the United States the rugby football championship at the Olympic games is being organized on the Pacific coast. Its nucleus will be the Standford-California varsity team which invaded British Columbia during the Christmas holidays and defeated three all-star fifteens and one from the University of British Columbia. The games were played in Vancouver and Victoria, regarded as the greatest Rugby centers of Canada.

H. Wilfred Maloney, Stanford trainer and coach for the American army men in the allied games in France last year, lists the following as prospective members of the team for the Olympic Games:

Dan Carroll, Stanford, winner of the Olympic medal with the Australian team at London in 1908; member of the world famous "Wallaby" and "Waratah" Australian teams; played on Oxford University, England.

R. L. Templeton, Stanford; one of the finest punters in the world.

Slater, Tilden and McKim, California, and Patrick and Righter, Stanford; heavy, fast forwards.

John and William Muldoon, University of Santa Clara; the latter played with London hospitals during the war and for America in the Allied Games.

James Wylie, Stanford; member of the Australian "Waratahs" and of the New Zealand "All Blacks,"; a veteran among the world's best players.

Arthur Erb, Olympic Club, San Francisco, members of the famous Erb family of rugby players.

FRATS TO END BASKET PLAY

Eight Frat Fives Play in Semi-finals Starting Monday

The semi-finals in the inter-fraternity basketball tournament will be played this week. The schedule of games is as follows:

Monday

Zeta Psi vs. Delta Upsilon, 7 p. m.

Phi Beta Pi vs. Alpha Tau Omega, 8 p. m.

Tuesday

Theta Chi vs. Alpha Delta Phi, 7 p. m.

Kappa Sigma vs. Phi Kappa Psi, 8 p. m.

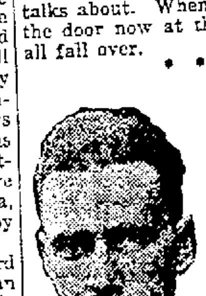

In the semi-finals and the finals, which will follow in about a week, all competing fraternities are warned not to use members of the frosh or varsity squads. Such action, said the committee in charge, will mean forfeiting the game.

Out of 35 teams which entered the race for the four cups which are to be given to the first four teams, only 8 teams remain. In Division 1, the Alpha Delts and the A. T. O fives have survived the onslaughts of their opponents. Division 2 still contains the names of the Phi Psis and the Kappa Sigma team, which defeated the Alpha Sigs, 12 to 8, yesterday afternoon. Phi Beta Pi and D. U. still remain in Division 3, while Division 4 still has Theta Chi and Zeta Psi in the race.

ENGINEERS COP BOXING HONORS

Win Easily Over College Opponents in Ring Finals

Engineers, with for wins, easily won the inter-college boxing finals, held Saturday afternoon in the gym. Agrics and Commerce, winning one bout each, were the only other college to place. John Neu, boxing coach, refereed the matches, with Coach Joe Steinauer acting as judge.

The first match was almost evenly fought out between Jones, Comcerce featherweight, and Buckstaff, Engineer entrant. At the end of the fourth round Buckstaff was returned winner by a slight shade. The lightweight bout was a fast affair with Kojis, L. and S. man, losing by a narrow margin to Dawson, Engineer.

In the welter class, Kanitz, Agric, easily demonstrated his superiority and took all three rounds from Fredericks, Engineer, by a wide margin. The middleweight match proved an easy victory for Kelly, Engineer, who took three rounds straight, and the first. Kelly was too fast for Wolberg, the Commerce entrant, and jabbed his way to a deceision with ease.

It remained, however, for the heavies to furnish the real thrill of the meet. With Koons, Commerce man, facing Murdock, Agric, a fast bout was assured for the fans. From the first second of the fight the men began a slam-bang battle that sent the various gactions of the crowd to their feet with yells of approval. The fight was Koons' by a wide margin, his remarkable hitting and feinting giving him an advantage that made a win certain.

MADISON HIGH CLEANS SLATE WITH VICTORY

Levismen Win From Only Team to Defeat Them This Year; Drapers Take Ward Title

Madison high school basketball team evened scores with Watertown Saturday night in the local gym. Coach Levis' men cut loose with a snappy brand of basketball which bewildered the team which had conquered them early in the season and won by a score of 31 to 10.

The game was the final one which the local boys will play before the state tourney here Friday. The team now has a clean record, having overwhelmingly defeated the only team to score a victory over them this year. Watertown turned the trick by a 9 to 4 score in the Watertown gym.

Watertown never had a chance to win, although the visiting quint was composed of a bunch of huskies. Clever execution of the tip off plays in which Conlin, taking the center job because of Schultz's injury, put the locals at an advantage by getting the jump nearly every time, enabled Madison to get away to a good start and a comfortable lead, which was added to consistently throughout the first spasm. When the intermission arrived, the domestics were in the van by a 20 to 6 count.

Excellent guarding kept the enemy from any but long shots and, during the entire 40 minutes, Watertown scored but two earned baskets. One was on a tip-off play immediately following the injection of Henkel tor Conlin, and the other was a short toss which resulted when a Watertown sub slipped around the locals' three-man defense. The two other field goals registered by the foe were lucky, eyes-closed shots.

Gunderson and Walsh were in tip-top form, both as to shooting and floorwork, and their scrappy exhibitions were a feature of the battle. Conlin, in Schultz's place, played a pretty game, though he fumbled considerably, generally through nervousness.

Draper Cops Title.

Draper won the graded school championship of the city in a battle with Hawthorne preliminary to the high school encounter. The teams were tied a week ago when the ward school schedule ended.

Madison 31—Watertown 13.

Madison		Watertown
Gunderson	L. F.	Archie
Walsh	R. F.	F. Boettcher

Crusaders First in Bible Class Events

The Crusaders of the Emmanuel Evangelical church Saturday night won the track and field meet with the Westminister, Baraca, Baptist Mixers and Pilgrims held at the city Y. M. C. A., the final score being: Crusaders, 21; Westminster, 19 Baraca, 12; Baptist Mixers, 8; Pilgrims, 3.

The Baptist Mixers ran off with the majority of places, but as percentages were figured on the total number of members of the various organizations rather than on those competing, they landed only fourth in the standings.

Harlan Loomer of the Mixers was the best individual point-getter, securing first place in the high jump with a 5 feet, 3 inches leap and first in the shot, throwing the pellet 36 feet, 9 inches. Nathan Holliday and L. K. Arnold of the Baptist organization tied for first in the broad jump with 9 feet, Lyman Hart of the Baracas getting second place.

Roland Olander of the Mixers was one inch behind Loomer in the high jump, while Lyman Hart and William Oakey of the Methodist Baracas got third and fourth places.

Wesley Lallier of the Baraca club and Lyle Kingston of the Mixers won second and third place in the shot put.

The athletic contests between the bible classes are part of a three-cornered contest, in which class attendance, bible study and athletics each count one-third.

MARKETS

CHICAGO GRAIN REVIEW:

CHICAGO—Corn displayed considerable strength today chiefly owing to reports that eastern roads had been ordered to furnish 300 cars a day to Chicago grain shippers. Besides Liverpool cables in regard to corn trading seemed to favor the bulls. At first however, the market was inclined to sag, as a result of more liberal receipts here and because of disturbed conditions in Germany, opening prices which varied from the same as Saturday's finish to ⅜c lower with May 1.47¾ to 1.48⅛ and July 1.41⅝ to 1.42 were followed by a material gain all around.

On the advance July and September reached the highest prices yet this season. The close was bouyant 3¼ to 5c net higher with May 1.52⅞@1.53 and July 1.45½@1.46.

OATS.

Oats paralleled the action of corn. After opening unchanged to ½c lower with July 75¼, the market scored a moderate rally.

PROVISIONS.

Provisions were weak with hogs influenced by news from Germany.

Later, sympathizing with corn strength the market rallied somewhat.

Base Ball Shorts For Busy Readers

Ray Schalk, the crack catcher of the White Sox, American league champions, expects to complete his one thousandth major league game before the summer is over. The plucky little backstop now is within about 40 games of that mark. This record has been made in less than eight years.

Schalk is regarded as the best catcher in the majors, his closest rivals being Bill Killefer of the Chicago Cubs and Steve O'Neill of the Cleveland Indians.

Few big league catchers have reached the one-thousandth mark.

Schalk is of the type that keeps working all the time, seldom taking a rest, and then only when he is forced out of the game through injury.

Baseball fans in this city will not have to be calling up the ball park to find out whether Joe Tinker's club is going to play ball, because Joe has conceived a novel way of telling the fans when the game is on or off. A wire will be strung across the main corner in the downtown section and a huge red ball will be hung in the middle of it on days when the team is playing. When the ball is hung close to the building, it will indicate that there is no game.

Manager Jackson of the Peoria club of the Three Eye league, has acquired a promising youngster in Johnny Osborne, an infielder. He has been farmed out to Peoria by the St. Louis Cardinals. Osborne while in the navy played on the navy team between such stars as Johnny Lavan of the St. Louis Americans and "Rabbit" Maranville of the Boston Braves.

Charley Stis, last season a scout for the St. Louis Cardinals and who has been in the minor leagues for several years, has accepted the management of the Mineral Wells, Tex., club of the West Texas league. Stis' experience as a manager extends over a period of several years. His first job as pilot was at Peoria, in 1911, when he won the Three Eye league pennant. The next year his club finished sixth. While with Peoria he sent up such stars as Flack of the Chicago Nationals, Holke of the Boston Braves, Veach and Yelle of the Detroit Tigers.

In 1913 he played with the St. Louis Federals and the next season managed the Regina club of the Western Canadian league. While in charge of the Aberdeen, Wash., club he was responsible for the sending to the majors of Jack Smith of the Cardinals and Ward of the Brooklyn Dodgers.

A. A. Prize to Club With Biggest Crowd At First Home Game

CHICAGO — Competition in the American association to have the largest crowd on opening day should be keen this season. The league has offered a handsome silver loving cup to be awarded to the club which draws the greatest number of fans at the initial games on their home grounds.

The cup which is of sterling silver stands 22 inches tall. The silver part of the cup is 18 inches high and the mahogany base, upon which it stands is 4 inches.

The cup has just been received by Thomas J. Hickey, president of the league, who has announced its itinerary. It will first be sent to Milwaukee where it will be on exhibition during the week of March 15. The following week it will be shown in Kansas City, then Indianapolis and Louisville. The opening games of the season are to be played in these cities. The cup then will be shown for a week in Toledo, Columbus, Minneapolis and St. Paul, so that the fans in those cities will have an opportunity to see it before their clubs open at home.

The cup is handsomely engraved with the following inscription: American Association Cup. Largest Opening Day Attendance, 1920. Won by ———

There is ample space below the inscription for the name of the club which wins it.

Proclamation If 2 States Favor Suffrage

Should the two more stated needed to make the constitutional suffrage amendment binding, adopt it before the end of this month—before five days prior to the election April 5—Secretary of State Hull will issue a special proclamation giving women the right to vote at that election.

Deleware and Washington are the two on which suffrage leaders are basing their hopes—and both meet in special session with a few days. If they should fail however, there are still several months in which additional states may ratify, and still permit a vote at the regular fall primaries and elections.

Mustard Murder Case Postponed for 10 Days

MARKESAN, Wis.—The hearing of Dr. John A. Freudenburg, charged with the murder of his mother-in-law, Mrs. Nettie Duffies, by injection of a solution of liquid mustard, was today postponed for 10 days to enable more time for the experts to report on analyses of the stomach of Alfred Duffies.

SALOON KEEPER KILLS PARTNER

Attack in Shoe Shing Parlor; Victim in Hospital in Dying Condition

RACINE — Jim Pastras, a saloonkeeper shot and fatally wounded his business partner, Tom Mathonias, Saturday while the two men were in a shoe shine parlor on Monument Square. Mathonias received three bullets in his lungs and reports from the hospital where he was taken state that he is in a dying condition.

Yesterday Pastras and Mathonias quarreled over a business matter and the latter had the former arrested on a charge that Pastras had made threats to kill him. This morning after the men left the court room, Mathonias entered the shining parlor and Pastrals followed. The latter refused to talk and the shooting resulted.

Russian Has Exhibit At Historical Library

Louis Ritman, a young Russian belonging to the Impressionist school has an exhibition of paintings in the historical library, under the auspices of the Madison Art association. This small exhibit of thirteen pictures reveals more power than any exhibit seen here previously this season. They are French in feeling but show a brilliant and original technique of the artist.

HIS APPOINTMENT MAY PRECIPITATE ROW AT CAPITAL

Charles R. Crane.

The recent appointment of Charles R. Crane as U. S. minister to China, may cause a disturbance at Washington. Crane was named to the same post by President Taft in 1909, but was recalled before reaching Japan. Philander C. Knox, then secretary of state, forced the recall. Now Knox, as a member of the senate, may lead the fight against the appointment.

REAL ESTATE FOR SALE REAL ESTATE FOR SALE

An Invitation

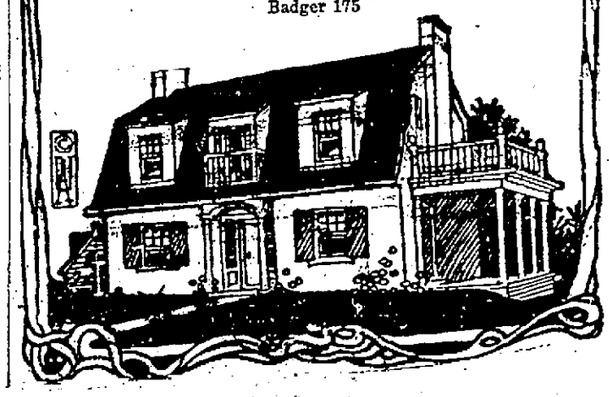

The Madison Realty Company respectfully requests every Madisonian interested in a new home to come out to Hillington and West Lawn and look over the 25 homes now under construction.

WE KNOW that these houses are being built as well as they can be built but we want YOU TO KNOW IT.
You will find some with merely the basement walls poured; some with the framing half way up; some with the roofs on; some ready for the plasterer; others ready for the trim.

This is the time to see the details of the construction. When the homes are completed you will have to accept our work for the qualities of material and workmanship.

Take a Wingra Park car, get off at Allen street and walk two blocks to your left. Or drive out Regent street and Commonwealth avenue to Hillington.
Mr. P. M. Homer, architect, will be on the ground every day from 2:00 to 3:30 except Sunday, ready to answer any questions.

MADISON, WIS., MONDAY, MARCH 15, 1920.

PEOPLE ENTITLED TO FACTS

CITY ATTORNEY RYAN has rendered a commendable service to Madison in keeping before this community the facts with respect to the local street railway situation. Mr. Ryan has been a leader in the fight to maintain adequate service and a reasonable fare for Madison.

We are disinclined to subscribe, however, to Mr. Ryan's recent criticism of the street railway company for going before the people of Madison with a series of advertisements setting forth the company's side of the controversy. His further contention that this information should be taken to the committee now investigating the local street railway situation is even less tenable.

The people of Madison, in the last instance, must be the judges as to what is to be done regarding the street railway question. And any appeal, addressed to the people at any time or at any place, is justifiable and proper.

The committee which is now investigating the street car question has forfeited the confidence of the people of Madison by its resort to star chamber and secret session methods. Mr. Ryan's censure should be turned on the committee and not on the street railway company. The members of this committee have entered into a gentlemen's agreement to maintain secrecy concerning their deliberations and for weeks the public has been excluded and has been kept in entire ignorance of its plans and purposes.

What is needed in the present controversy is a full presentation of facts to the people of Madison in order that they may act intelligently in settling this question. The people should have both sides of the story. The street railway company has every right to present its side of the case and to demand equitable treatment at the hands of the people.

The Capital Times believes that the ultimate solution of the public utility question lies in municipal ownership. We believe that the city of Madison should own both the street railway and the gas and electric companies.

That day will be hastened with full and complete discussion of the question at the hands of the people.

TWO NOTORIOUS CASES

THE Progressive platform on which the La Follette delegates are running denounces the alarming USURPATION OF LEGISLATIVE POWER by the federal courts.

Two recent notorious instances are demanding attention, the steel trust decision and the stock dividends decision. Both are revolutionary.

In the steel trust case the court in its majority opinion refuses to dissolve the trust because IN ITS OPINION to do so would be CONTRARY TO PUBLIC INTEREST. But the only proper question for the court to pass upon was whether the Sherman act had been violated. The court arrogates to itself the right to decide whether a law, constitutionally passed by congress, is the kind of law the people ought to have.

So too in the stock dividends case. Twice has congress tried to make such dividends taxable as incomes. The trusts can now distribute without taxation BILLIONS of profits made during the war, and held waiting a chance to distribute them, income tax free.

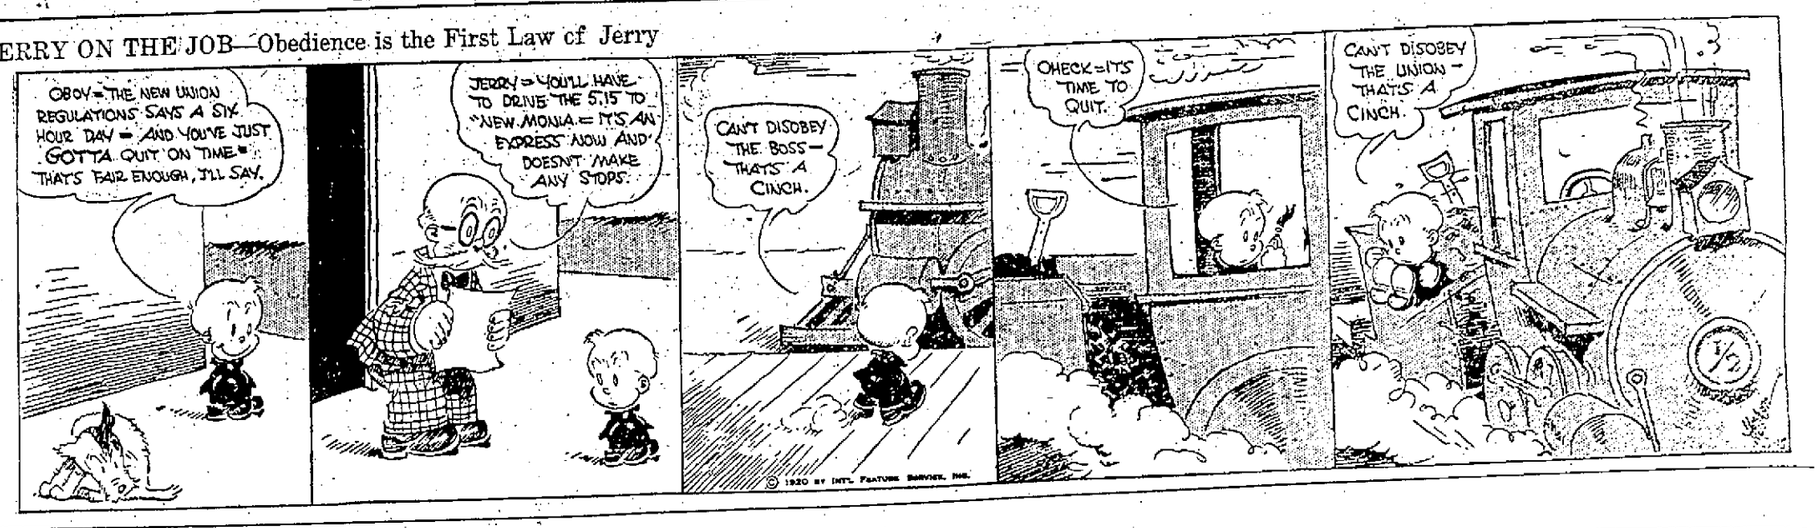

Stockholders whose incomes have been so enormous that they must give 40 or 50 per cent of it back to the government, under the graduated income tax, have been in effect saying to the corporations "Don't give me my money now, I would have to turn over too much of it to the government. KEEP IT, and I will tell you when to give it to me."

Then was devised this scheme of paying corporation profits in stock, which were as good as money. And the stockholders set up the claim that such dividends were not income, and the supreme court now agrees.

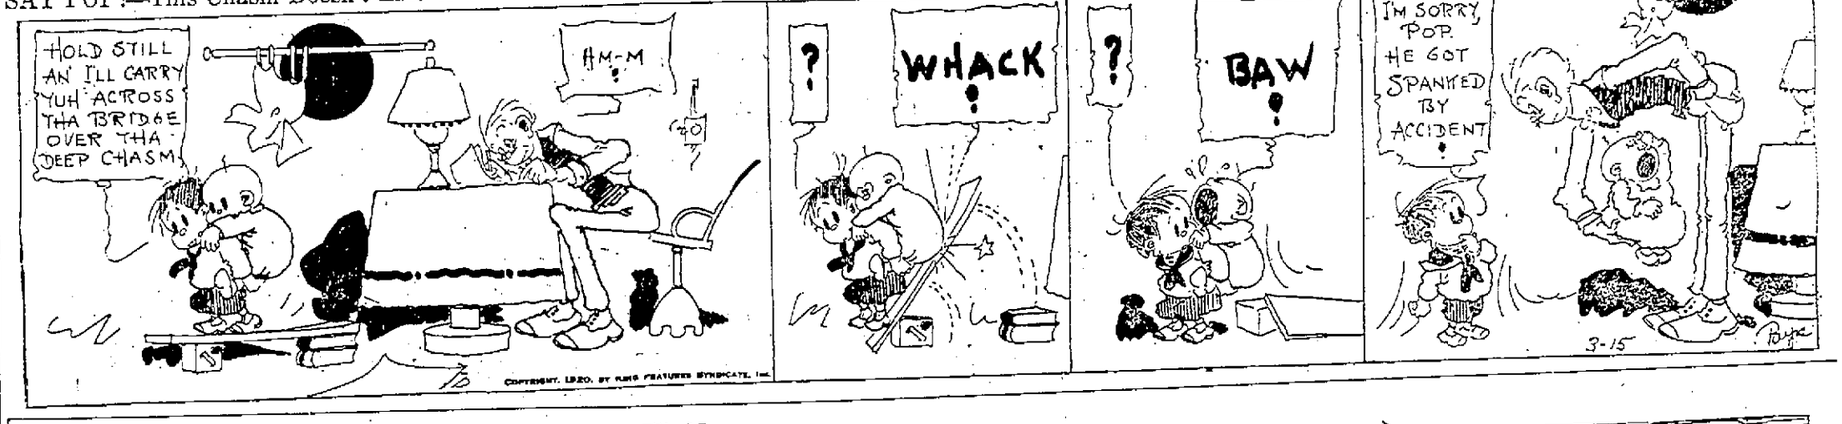

One subsidiary Standard Oil corporation capitalized for $35,000,000 had piled up a surplus of $50,000,000. If it had paid out this surplus in dividends probably half of it would have gone to the government. Now Uncle Sam will not get a dollar of it.

Little people will pay more to make up the loss. And those who have paid taxes on their stock dividends will get their money back. The refunding will take millions from the public treasury which common folks will have to make up.

Lombardi, Ltd. Goes Over Big; Carrillo Is Star

Lombardi, Ltd., played to two very enthusiastic audiences at the Fuller Saturday. It was written by Frederic and Fanny Hatton. Fred Hatton being a former university graduate and a member of Phi Gamma Delta fraternity. The play, a comedy, is so full of sparkling wit, and that intangible thing, called atmosphere, that one is held breathless through each act. Pathos follows comedy, and comedy pathos in quick succession.

Leo Carrillo takes the part of a fashionable New York dressmaker, Tito Lombardi, an Italian. He is a lovable character, artistic, impatient, ingenous and kind to a fault. Leo Carrillo has a very pleasing personality, is an extremely versatile actor and has a wonderful smile.

Grace Valentine is the small town girl, who comes to New York to learn things, and becomes a mannikin in Lombardi's establishment. She was delightful, and with Warner Baxter furnishes a very pretty love story, well acted and with lots of laughs for the audience.

Norah Blake, Lombardi's assistant, Phyllis Manning, as Lombardi's sweetheart, and Lida Moore, a show girl and a former protege of the Italian, all helped to carry through the rather strong emotional scenes. Every member of the cast was excellent, the scenery was beautiful, and the gowns were gorgeous, especially the one Lombardi draped on Eloise, the living model, who furnished quite a bit of comedy, with her beautiful figure and face, and her roughneck ways.

There is a lot of philosophy and sunny humor in this clever play, by far one of the best that the Hattons have ever written.—Z. B. E.

Election Officials Confirmed by Council

The council confirmed the appointment of Herman Sachtjen as inspector in the first precinct of the seventh ward in place of G. W. Nienaber, resigned; Robert Rothnick, ballot clerk, first precinct of seventh ward in place of Mr. Sachtjen; F. C. Beane, ballot clerk, first precinct fiifth ward, in place of Levi Garner, removed from precinct. An ordinance to increase the salary of the electrical inspector from $1380 to $1600 a year, introduced by Ald. J. H. Behrend, was referred to the finance committee.

Voice of the People

THE UNIVERSITY.

To the Editor of The Capital Times:

Your editorial of March 1st "People Watching the University," certainly reveals some of the most deplorable conditions that could exist in a public institution. It would be hard to believe that they do exist if it were not for certain facts which we already know.

That the Rockefeller and Carnegie Foundations were established for the purpose of controlling education throughout the nation has never been questioned. This they do in several ways by endowments and creating the teachers' pension fund. This fund has created a group of servile teachers throughout the U. S., who take orders from above and dare not rebel for fear of being black-listed as Scott Nearing and others have been and of forfeiting their pension.

In senate document No. 538, 63rd congress, 2nd session, we find some facts concerning the General Education Board of the Rockefeller Foundation. At the time this report was made this foundation was paying the salary of Dr. Thomas Nixon Carver $625 per month for writing bulletin and literature and sending them out to farmers of the country. He also received $1 per month from the government to enable him to appear as a government employe and also to use the government frank to send out his literature free of charge. Dr. Carver had under him four assistants and seven clerks, also paid by the Rockefeller Foundation with the same arrangement of $1 per month from the government.

This department also selected 12 professors of economics in agricultural colleges throughout the country. These men were paid by the Rockefeller Foundation and $1 per month from the government.

In addition to this, there are given in this document the names of 581 men and women employed in farmers' co-operative demonstration work throughout the country whose salaries were paid by the Rockefeller Foundation and $1 per annum from the department of agriculture, that they may do their work before the public as government employes.

With these facts in mind, it is not so surprising to find a few professors of a certain species among the faculty of our university, but it is to be hoped that they are not very numerous. And whoever they are I hope they will be found out and given what they deserve.

ELVIN MADSON.

Northland, Wis., March 10, 1920.

ONE-MAN CARS

There are only a few street car systems in the state operating on a five cent fare that reports profit. Superior is one. Street cars generall were not money-makers the past year. Madison is trying to solve its car problem with one-man cars. So is Racine. It works in Marinetta and many other cities. Even in times of less operating expense the Janesville car lines have made no money.—Janesville Press.

AT THE THEATERS

Grand—Yesterday the Grand theater opened a three-day run of All Wrong, which features that clever young leading actor, Mr. Bryant Washburn.

The cast engaged to interpret All Wrong is practically perfect and Mr. Washburn is splendidly supported by this capable comedy cast. It is almost impossible to describe the many ludicrous situations which were the cause of such hearty laughter, but a brief synopsis of the play will give our readers some idea of the entertaining qualities which are embodied therein.

The New Strand—Dorothy Dalton's delineation of three widely varied roles in her latest Thomas H. Ince picture, Black Is White, now being shown at the New Strand theater, is declared to be much more than a feat of clever make-up. In the opening scenes Miss Dalton is a gentle, old-fashioned wife, Margaret Blood.

In addition to this, Harold Lloyd's first $100,000 comedy, Bumping into Broadway, will also be shown.

AT THE FULLER.

Human Collateral—The picture attraction at the Fuller for today and tomorrow includes the five reel drama, Human Collateral, in which Miss Corinne Griffith has the leading part, and a new two reel comedy called Maids and Muslins. June Elvidge in her latest picture "The Poison Pen" and the Sennett players in the two reel comedy "Rilley's Wash Day," will be the picture offering at the Fuller next Thursday.

Orpheum—A display of much vaudeville, none of which is Brilliant enough to outshine its companion acts, is the bill at the Orpheum. The first act is an unusual novelty act of manikins presenting a musical comedy in its entirety. It is very cleverly manipulated and the actions of the dummies are human enough to cause much amusement. Harry Gilbert sings all the dialects with much familiarity and he selected songs that were especially fitted to his abilities. The troubles of a new husband trying to impress his bride with the fact that he is going to be the boss is the theme of a sketch "The Honeymoon." The plot doesn't afford any impressive scenes or acting though the principles gave it their best efforts. Marie Stoddard in some impersonations of the overseas actors makes us believe that the veterans weren't served with all the stars all the time. She is an experienced actress and no doubt could do better with material that gave her more opportunities. Musical echos, dancing, and snatches of minstrelsy by a troupe of young women and men close the bill.

Mitzi, famous little star of Henry W. Savage's musical comedy, "Head Over Heels," Fuller Theater, March 19, 20, Saturday matinee.

Tiger Rose Is A Belasco Masterpiece

The seat sale for the two performances Wednesday, matinee and night, of David Belasco's production Tiger Rose opened today at the Fuller box office. Madison theatergoers will see in Tiger Rose one of the strongest dramas offered here in years, and by a Belasco company which means to theatergoers assurance of the best that money and brains can produce.

Head Over Heels—With clever Mitzi in the leading part, this show comes Friday and Saturday, with Saturday matinee this week, the regular box office seat sale opens tomorrow morning, and from mail order indications, three performances of this musical comedy will not be enough to take care of all who want to see the show.

AT THE STRAND

Dorothy Dalton in her latest Paramount-Artcraft production will open at the New Strand commencing today. It is entitled "Black is White," a photoplay produced by Thomas H. Ince. It was adapted from an original story by George Barr McCutcheon. Miss Dalton plays a triple role and is said to have been afforded unusual opportunities to display her versatility and talents as an emotional actress.
